Pyramidal Arborvitae.

Coniferous Evergreens

The greatest advantage of using Evergreens in beautifying the home grounds is that Evergreens retain their foliage the year around. By planting the proper varieties in their proper places wonderful results can be obtained with but little expense. If you get ample sunlight that they may show their colors. If you are not familiar with Evergreens and wish to plant at home a pleasure for us to furnish you information you may wish to help you get the desired results.
